Title 1 presentation by Megan Ticer

Required every year, allows parents and community members to know we're receiving funds and our plans. It is an education assistance program for schools, helping children struggling in reading and math - funding provided under ESEA (Every Student Succeeds Act). RGS is a school-wide program instead of targeted program. Last year we received \$24,844 that goes toward staffing for reading and math intervention (basically portion of Becky's salary). We will receive \$26,125 this year. Parents filled out survey saying district informed parents.
